NAME - PRAVIN ASHOK KHUNE.

Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because Every man have some dreams, have some lifetime ambitions. Being an IIT engineer is my lifetime ambition. I wish to complete my engineering at IIT'S for this I along with my parents, according to my teachers guidance gathered much more information about well known classes throught the country through various aspects. I also contacted my seniors who have went through such coaching classes. But eventually I encountered with heartbreaking truth that is there is no denying the fact that coaching industry has made rapid strides throughout the country, however several coaching institutes in their eagarness to earn quick money have restored to unethical and unworthy tactic like claiming false results. making false commitments to entice and deceive unsuspecting students as well as parents. But being Navodayan I have the image of DAKSHANA foundation as an ethical institute whose value system is over around uncompromised quality, truth, transparancy and commitment.

It would be my immense pleasure to become DAKSHANA scholar since it has a strong history of results. I would be able to prepare for my XII boards simultaneously which I could not be able in other institutes. Another strength of DAKSHANA is the student Teacher ratio. DAKSHANA classes have very ideal ratio in a class will make it unmanageable for the faculty to give personalized attention to each and every student. Another highlightable fact of the foundation is in the classroom there would only be Navodaya toppers and I would be able to get compitable environment which could improve my academics as well as I bold get proper surroundings for the preparation of IIT - JEE
It is really a great pleasure to me as be a DAKSHANA scholar & then be an a IITian & prove myself. I hope this dream will come in Reality by the help of DAKSHANA foundation.
