## The Dakshana Foundation
## Application to Become a Dakshana Scholar

Dakshana Scholars are brilliant, but impoverished students who aspire to attend a premier engineering/medical college, but cannot afford to be coached professionally by a world-class coaching institute. The Dakshana Foundation provides comprehensive scholarships to gifted/impoverished adolescents who meet our criteria. These scholarships include 100% of coaching fees and books. In order to be eligible to apply for becoming a Dakshana Scholar, you must be invited to appear for and qualify in the Navodaya Dakshana Selection Test (NDST). The decision of Dakshana in this regard is final.

Dakshana reserves the right to validate the information provided through various sources including NVS records, Principal and school staff interviews, peer, neighbours, school alumni and direct verifications. Should any information be found to be willfully falsified, Dakshana reserves the right to deny acceptance as a Dakshana scholar and /or terminate coaching at any time after it has started.

I hereby do attest that all of the information submitted in this application is correct and authentic and that I meet all of the criteria mentioned to apply for being named a Dakshana Scholar:

application

Please write essay (in English or Hindi) Between 300 - 500 words which begins with

I'd like to become a Dakshana Scholar and hopefully attend Engineering/Medical college because

The first reason for me to apply for Dakshana scholarship exam is that it is the way which can lead me to my goal. Because of poor economic condition of my family, I need it which can make my future bright with making my dreams real. I'm much interested in Maths, Physics and Chemistry. And that's why I want to attend engineering. Obviously, it is all I'm doing for myself and my family, but it's also a truth that it will lead to help of my society as well as our country. My dream also includes interest of our people and our country.

Actually it was compulsion for me to study. But gradually it became my necessity and then my passion to serve others. It is a truth that one who can help herself, only can help others otherwise if we can't help ourselves then how can we for others.

I want to become IITian and for it an atmosphere is needed which I can get by becoming a Dakshana scholar. Gautam Buddha left all his luxuries for sake of knowing the secret of life and I've no luxury except a good sleep which is also sacrificed for a future in which I can give luxuries to others.

I know I will do best for my country, not only to pay

my regards to it, but it's my faith, my श्रद्धा, my love towards it.

In this way, I've many goals only for one goal to serve. My parents are the most struggling persons I have ever seen.

I'm doing these all for myself, for others, for my country, for you and the most important for my parents!

I believe that I will also do in field of engineering very sincerely and honestly. I assure you for that not because it's my compulsion or necessity but also for my passion and to see my dreams true.

There is only 'I', but it's not selfishness. It includes the interest of you too.

I know, these things will not satisfy you because you needs your interest and interest for your institution development. It's something informal and nothing is formal in it. I have prepared for this exam and I will do my best to beat it. It will be a great achievement for me because of my financial condition as I'm impoverished adolescent.
