Full Name Shriman Nanyan Tiwari

Dakshana Scholars are gifted, but impoverished students who aspire to attend The Indian Institute of Technology (IIT), but cannot afford to be coached professionally by a world-class IIT JEE coaching institute. The Dakshana Foundation provides comprehensive scholarships to gifted/impoverished adolescents who meet our criteria. These scholarships include 100% of tuition, boarding, lodging, books and incidentals. In order to be eligible to apply for becoming a Dakshana Scholar, ALL of the following conditions must be met:

1. You must qualify in the Dakshana IIT-JEE selection test and personal interview. The decision of Dakshana in this regard is final.
2. Must have atleast a 75% average in Physics, Chemistry and Mathematics for every year (9th through 12th standard) that the applicant has completed.
3. The total typical household monthly income (total income of all members of your immediate family) is under Rs. 7,000 per month.
4. The total assets of your immediate family (including any savings, real estate or property) is under Rs. 1 Lakh.
5. The Dakshana Foundation believes that the beneficiary of aid today is the donor of tomorrow. We believe that helping gifted, impoverished students get a world-class education has a very high return on invested resources to the individual, the family and the entire community. Dakshana Scholars have a voluntary moral (but not a legal or contractual) obligation to donate 10% of their monthly lifetime earnings back to the Dakshana Foundation to fund future Dakshana Scholars. They could also choose to give to any other charity of their choice. Or they can choose to give nothing. The choice is yours and we accept whatever you decide. After a few years, we fully expect Dakshana to be sustained and grow from this voluntary giveback and help an increasing number of impoverished and gifted children every year.

SHRIMAN NARAYAN TIWARI

Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because my aim is to become an Astronaut and also to become an engineer for which the best way is to become through an IIT which would help in becoming an astronaut. IITs are among the best engineering institutes in the world which not only give quality education but also a better opportunity for students to secure their future. Though getting through the IIT JEE is a very tough task and for the same a lot of hard work is required. Every student is not so lucky to be coached by professors for their preparations for IIT JEE but if I become a Dakshana Scholar I would be ~~lucky~~ fortunate enough to have a good support for my preparations. I want to become an IITian and serve my nation and contribute towards its development though I know my this effort would not be sufficient by a pot gets filled drop by drop only. I have come from a remote village in Bihar in which still electricity

supply is not there and even if it come, it is only available for one or two hrs a week. There even children dont know what a computer is, they are still far away from the ~~benefits~~ taste of development so I want to work for the development of this region through my ability and strength. By becoming a Dakshana scholar the probability of my selection in JEE would become higher. In world among the top 10 people of the top companies one is an IITian and among the top four persons in a company in India one is an IITian thus every where for top jobs IITians are preferred. It will not only give a lot of pleasure but name and fame to me if I become an IITian. Thus I ~~to~~ am sure that I would become an IITian.

(You can use this form or a separate piece of paper. Please submit the essay in your own handwriting)
