The Dakshana Foundation

Application to Become a Dakshana Scholar

Dakshana Scholars are brilliant, but impoverished students who aspire to attend a premier engineering/medical college, but cannot afford to be coached professionally by a world-class coaching institute. The Dakshana Foundation provides comprehensive scholarships to gifted/impoverished adolescents who meet our criteria. These scholarships include 100% of coaching fees and books. In order to be eligible to apply for becoming a Dakshana Scholar, you must be invited to appear for and qualify in the Dakshana Selection Test. The decision of Dakshana in this regard is final.

Dakshana reserves the right to validate the information provided through various sources including State government School records, Principal and school staff interviews, peers, neighbours, school alumni and direct verifications. Should any information be found to be wilfully falsified, Dakshana reserves the right to deny acceptance as a Dakshana Scholar and/or terminate the scholarship at any time after it has started.

I hereby do attest that all of the information submitted in this application is correct and authentic and that I meet all of the criteria mentioned to apply for being named a Dakshana Scholar:

Dear Student,

Here are six questions that will help us know you better. Please answer them truthfully and completely. The answers to these questions will not influence your selection as a Dakshana Scholar.

Introduce your family to us. Start with your father, mother and then your brother/s and sister/s. Tell us what they do, what they like or dislike etc. Also tell us what your immediate uncles (mama and chacha) do for a living.

My father is a farmer and he doesn't do any extra for extra income but we have very less ground in which we get very less product for our living. My mother has died. I have three brothers except me. In this time they do private job (like labours). They are illiterate but they want that I should read for better future of family. I have a sister also. She is married. My uncles are away from us and we don't get any income from him.

Why should you be awarded the Dakshana Scholarship? If you are not selected to be a Dakshana Scholar, what will you do?

I want to be an engineer and a good and secured job in order to provide a better future of my family. If I don't get a selection in this exam (but this should not happen with me as I expect). I will again try in class 12th. At lastly any how I will read carefully and try to get admission in any government college by help of vidyalaya facilities.

What is your ambition in life?

I have made a chain of aim. My first aim is to crack IIT and last aim to be prime minister of this country. And I will try my best for this.

How would you like to contribute to the society and the world when you become successful?

My last aim is to be prime minister of this country and do something for the people who belong from ground level like farmers, because even today most part of our population is engaged in farming but they get less income and they are poor, and their child could not get better education like us but I am lucky that I got an opportunity to read in the J.N.V. Jambhar Navodaya vidyalaya.

Describe an incident in your life that has motivated/inspired you to do better.

When I got selection in J.N.V. I got a confidence that I can do some thing and do better in my life.

Tell us about your interests and hobbies.

My interest is to read any thing and think philosophically and I did experiment in my life also.
