

Dear Friends:

Dakshana successfully completed its 13th full year of operations in 2019. Since inception in 2007, the IITs have accepted 2452 Dakshana Scholars (out of a universe of 3969) – a success rate of 62%. Not too shabby – considering that the IITs accept under 2% of all applicants. In 2020, out of 496 Dakshana scholars who were prepared for the IIT entrance test, 280 made it – a success rate of 56%. In addition, 31 scholars from the 2019 batch, who did not make it to IIT the first time, were accepted by the IITs on their 2nd attempt in 2019.

From the inception of medical coaching at Dakshana in 2016, out of a universe of 930 medical stream scholars, 653 have been accepted at various government medical colleges – a success rate of 70%. In addition, another 11 scholars were accepted to dental school through 2019 bringing the total success rate to 71%. In 2020, out of a total of 423 Dakshana medical scholars, at least 258 were accepted by various government medical colleges – a success rate of 61%. The eventual success rate of this batch will increase as some scholars go for a 2nd attempt in 2021. The medical stream numbers are always conservative guesstimates as it takes a while for all the myriad medical colleges to finalize their freshman class. It is further delayed in 2020 due to Covid.

Forty Dakshana medical scholars have been accepted by The All India Institute of Medical Colleges (AIIMS) in 2020. AIIMS is the Harvard Medical School of India and accepts less than 1900 medical students annually (out of 1.6 million). AIIMS has accepted 72 of our scholars (out of a universe of 930) since we started medical coaching in 2016. This represents a success rate of 8% versus a 0.1% national admit rate. The number of our scholars who have been accepted by AIIMS has frankly surprised me. It has vastly exceeded my expectations. Some of these scholars weren't just accepted by AIIMS, their ranks were near the top. The very best of the best!

Congrats to the scholars, the faculty and Team Dakshana for working very hard to make this happen. Since inception over 3100 of our scholars have been accepted by the IITs, AIIMS and various medical colleges.

Our oldest alums are now in their late 20s and are ascending the ranks of places like Google, Amazon, Goldman Sachs and Microsoft. Several have joined the Indian Administrative Service (IAS) and will be in key roles in the government in a few years. We've even had alums like Subramanya Jingade drop out and abandon a highly coveted IIT Madras Computer Science degree to go all-in on their startups. So far these don't look like bad calls. Subramanya's startup is now backed by top-flight venture capitalists. These are very early days at Dakshana. I fully expect our alum base to be a tremendous force for good in the decades ahead.

Covid Challenges

2020 (and probably 2021) are years most humans would like to forget. They'd like to go straight from 2019 to 2022! These years are very challenging for our scholars. As I write this missive, there are no scholars at any of our campuses including Dakshana Valley. Schools across India mostly remain closed. India has a very young population with an average age of 28. Our students are 15-19 years old and most of our faculty and team is very young. The Covid risk factors at the various Dakshana campuses are pretty muted. Nonetheless, our classrooms and beds are empty till government authorities allow our campuses to re-open.

Our 2020 results were very good considering all the disruption, abruptly truncated coaching and delayed tests. Our 2021 and 2022 results will be more significantly impacted. Dakshana's faculty is maxing all they can do via online video lectures, but those are woefully inadequate tools to properly coach our scholars for these ultra-tough tests. Over the last decade I have visited many scholar homes. Many do not have a proper desk, chair, laptop, tablet or sometimes even electricity. Dakshana has provided tablets to many of our scholars, but remote coaching for us is quite challenging.

Thank you Colonel!

For the last eleven years Dakshana has been blessed to be led by Colonel Ram Sharma. The Colonel, who turned 80 this year, had been requesting me to let him retire for several years. I always brushed it off as I knew it was great for Dakshana and great for him to remain engaged. However, this year I could not dissuade him. The Colonel expressed that his team was more than ready to execute without him and that he was slowing down.

Commander Arun Mishra has agreed to step into Colonel's large shoes and is our new CEO. A veteran decorated officer of the Indian Navy, Commander has been the Chief Academics Officer at Dakshana for several years. Colonel has groomed Commander Mishra for this role and he'll do great.

We have several retired military officers in senior leadership positions at Dakshana. Dakshana Valley can go toe to toe with the finest military academies on the planet. I love the discipline and culture these dedicated officers have instilled at Dakshana. We owe an enormous debt to India's armed services, who have given us such wonderful leaders.

When Colonel Sharma came on board as CEO in the dark days of March 2009, Dakshana was on the brink of shutting down. The financial crisis had decimated my family's net worth down to less than \$20 million. I realize there are worse problems in life than a \$20 million net worth, but Dakshana had more than 600 scholars we were coaching at the time and had a budget of well over \$1 million a year. It was simply not sustainable to continue. We were committed to getting all our scholars to the finish line, but planned to not take on any new scholars till our net worth was back over \$50 million and we could resume giving away 2% of our net worth every year.

The JNV leadership requested us not to completely shut down the program, but rather scale it down dramatically. The Indian government works on precedence and since we were an approved program it was better to downsize than to shut down and then petition for a restart. It was very good advice and in 2009 Dakshana's incoming batch was our smallest ever at 50 students at a single campus in Bengaluru. We were hanging on by a thread.

Unfazed, Colonel came on board against this backdrop at Rs. 1/year and relocated our India headquarters to a Pune apartment he owned. The economy (and net worth) rebounded and under Colonel's leadership we quickly bounced back and rebuilt the team. It was on Colonel's watch that we bought our 109-acre Dakshana Valley campus and commissioned the Charles T. Munger Hall at JNV Bengaluru. He directly managed a plethora of complicated construction projects all over India.

I have very much enjoyed working with Colonel over the last 11 years and going to remote corners of India with him. The icing on the cake was our 2019 trip of a lifetime visiting Dakshana scholar homes in Ladakh.

I am hoping, once Covid is over, Colonel and I can do several more scholar home visits across India. In the summer of 2020, we had planned to visit scholar homes in picturesque Himachal Pradesh, but Covid scuttled those plans.

We have conferred on Colonel the title of “CEO Emeritus.” Even though he is no longer an official part of this organization, Colonel has shown such merit that Dakshana would like to claim him as a continuing part of us. Dakshana will continue to gather glory from his reflected glory.

Scale-up at Dakshana Valley Continues

Dakshana Valley has bed capacity for 600 scholars, but classroom space is tight. We are thus building one more lecture hall called the “R. G. Manudhane Hall.” It is being 50% funded by Sindhu and Avi Nash via their Indira Foundation. The Indira Foundation also funded 50% of the cost of the Taraben J. Mehta Girls Hostel. With over \$600,000 committed or contributed so far, The Indira Foundation has been a bedrock of support for our infrastructure projects. Thank you Sindhu and Avi!

After this expansion, the valley will be comfortable for 600 students. We are also getting ready for the next phase to take Dakshana Valley’s capacity up to 1000 by 2023. With 13 different structures, this phase will cost us about \$6 million. We have plenty of naming rights available for academic halls, hostels, dining facilities. Dakshana typically does a 50:50 project cost share in exchange for naming rights. Naming rights start at \$100,000. As MLK put it, now is the time for you to honor your parents, your mentors, your heroes and your spouses by putting their name up in lights in the picturesque Dakshana Valley campus. Now is the time! Drop me a note at mpabrai@dakshana.org. Let’s make a deal!

Dakshana’s Corporate Social Responsibility (CSR) Initiative

The Dakshana Valley campus is in Kadus Village in Pune district. It has always been Dakshana’s goal to be a good neighbor and a force for positive change in the communities in which we operate. Several villagers are employed at Dakshana Valley in various blue-collar roles and this has provided a small economic boost to the village.

The Colonel has been keen to improve the quality of the K-10 education provided at the Kadus Village school. Towards this end, Dakshana deployed a teacher in the village school fully paid by Dakshana. Besides the general goal of improving outcomes, Colonel wanted promising 5th grade students to be intensely prepared for the JNV Selection Test (JNVST) to possibly get admitted to JNV Pune. Typically, more than 7000 5th graders take the JNVST in Pune district, trying to get one of 80 highly coveted seats. The success ratio is around 1%.

Historically no students from Kadus village have ever been accepted by JNV Pune. In 2020, during our first year of JNVST prep at the Kadus village school, three students were accepted by JNV Pune! It is a remarkable feat. The 80 seats are pro-rata allocated to the 14 blocks in Pune district. Of the 9.5 million residents of Pune, around 5% live in the Khed block. Dakshana Valley and Kadus village are part of the Khed block. Only 4-5 JNV Pune seats are available to residents of Khed each year. Khed is made up of 186 villages. It is thus all the more amazing that a single village representing less than 3% of the population of the block took most of the seats allocated to the block!

We prepared just a handful of Kadus village kids for the test. Our Emeritus Colonel is not done yet. He has requested our faculty at JNV Pune to mentor these three kids and increase the odds that in five years they crack the Dakshana selection test and become Dakshana Scholars. That is a very high bar to cross. Dakshana typically accepts just 1-2% of our applicants. These kids would need to be among the top 1% of the 1%. I have learnt, however, to never underestimate what Colonel Sharma accomplishes once he gets focused on it. The best part of this initiative is that it cost Dakshana all of \$500 to get these three kids accepted and admitted to JNV Pune. Amazing!

Dakshana 2.0

Dakshana 2.0 is our embryonic initiative in partnership with Khan Academy (khanacademy.org) to improve the quality of K-10 math education via technology. Dakshana 2.0 is discussed at some length in the 2018 annual report. Due to Covid, both of our digital math labs have been closed since April. And it has been hard to get new ones commissioned. While ideally we'd like 1-2 more labs operating, Dakshana is not in a hurry to scale up 2.0. We are learning an incredible amount and still tweaking and adjusting our model. Early scaling simply amplifies the mistakes.

We spent \$40,000 on this experiment in 2019, half of which went towards the capex to set up the two math labs. I do not expect our Dakshana 2.0 expenses to exceed \$100,000 a year until the model proves itself. It will take us a few years to get enough data to clearly see the deltas before and after 2.0 was introduced. Once our model has settled down and we are confident on outcomes, we will focus on scaling with the bulk of the spending being shouldered by the government in a public private partnership. Stay tuned.

2019 Financial Overview

Table 1. Financial Overview

2019 Dakshana Financial Overview		
(in thousands of US\$)		
Cash and Marketable Securities on 12/31/18:	\$	10,517
Scholar Expenses:	\$	(1326)
Overhead Expenses:	\$	(404)
Construction Expenses:	\$	(503)
Contributions by Donors:	\$	2511
Donated Corporate Services:	\$	3
Net Investment/Forex Gain (Loss):	\$	3575
 Cash and Marketable Securities on 12/31/19:	\$	14,373

Dakshana is in the best financial shape ever. We ended 2019 with over \$27 million in assets with virtually no liabilities or payables. Dakshana Valley represents \$13 million of asset value at cost. Its market value is likely higher. Over 53% of these assets are sitting in cash, short-term certificates of deposits and marketable securities. Our liquidity is outstanding.

In 2019, our outflows were around \$2.2 million and our donor inflows were around \$2.5 million. At our present size, our inflows are approximately matching our outflows. It is wonderful to have two anchor donors in Prem Watsa and Mr. R. K. Damani. Both are exemplar humans and we are lucky to have them in our corner. Each of them gives us \$1 million every year and it gives us a lot of predictability and stability in our cash flows.

Over the next few years, Dakshana will increase the capacity of Dakshana Valley from 600 to 2600 scholars. This ramp will require \$15-20 million in additional capex. We are about to embark on Phase 2 of this expansion that will take capacity to 1000 by 2023. Phase 2 will require around \$6 million in capex. It is the \$14+ million in liquid assets that gives us the confidence to embark on these bold initiatives.

Direct Scholar Expenses

In 2019, we spent \$1.7 million on the Dakshana Scholar Program and related corporate overhead. Of this amount, \$1.28 million was spent directly on the Dakshana Scholar Coaching Program, \$40,000 on Dakshana 2.0 and about \$0.4 million comprised of our corporate overhead. Let's examine the scholar expenses in a bit of detail.

During 2019, we delivered the equivalent of 1223 scholar years of JEE & NEET coaching. Of this number, 426 scholar years were for the 1-year program and 797 scholar years for the 2-year program.

Table 2. Dakshana Scholar Cost Data

Year	Cost/Scholar	Scholar Years
2007	\$3650	176
2008	\$3086	524
2009	\$2100	356
2010	\$1922	270
2011	\$2475	219
2012	\$2553	398
2013	\$2450	576
2014	\$2053	689
2015	\$2516	676
2016	\$2171	761
2017	\$2283	1045
2018	\$1889	1116
2019	\$1558	1223

The average cost to support a scholar across Dakshana's various programs in 2019 was \$1558. In spite of rampant inflation in India since 2007, our cost per scholar is the lowest it has ever been. We have meaningfully insourced our faculty which has given us many advantages. The cost is significantly lower and the faculty is available to our scholars for the entire day. Many of our faculty members are IIT grads and Dakshana Alums. At Dakshana Valley and Bengaluru, most of them live on campus with the scholars.

Corporate Overhead Expenses & Fully Loaded Cost/Scholar

Our corporate overhead in 2019 of \$0.4 million made up about 18% of our outlays. This seems extraordinarily high relative to the spending on the scholars. It is high, but unlike many other foundations, the Dakshana Scholar program is a direct program run by Dakshana. Many of these so-called "overhead expenses" are actually core to the program. For example, when our staff makes frequent trips to the various JNV campuses, they are classified as overhead, but they are 100% focused on ensuring program and scholar success.

We typically do not make grants to other non-profits. We run these very labor and management intensive programs ourselves. With staff and scholars spread across eight remote locations in India, the logistical overhead and costs are quite significant. It does involve considerable travel, infrastructure and staff to execute. Also, it is hard to cut overhead below a baseline. Nonetheless, as we scale up our scholar base, we do expect overhead expenses to become smaller portions of the pie.

It costs us a loaded \$8000/scholar to build the infrastructure at Dakshana Valley. If we amortize this over 20 years, it is \$400/scholar on a recurring basis.

Our fully loaded cost (including corporate overhead and construction) was about \$2285/scholar in 2019. For the foreseeable future, a good rule of thumb for Dakshana is to assume direct scholar expenses in the \$2000-\$2500 range, overhead expenses in the \$300-\$500 range, and annual amortized construction cost/scholar in the \$300-500/scholar range, leading to a \$2600-\$3500 fully loaded cost per scholar.

The Cost to Produce an IITian or Medical Doctor

While the direct and overhead costs to support a scholar matter, it is the cost to produce an IITian and/or a doctor that is the real benchmark that matters. It is the report card on how effective our spending and give-back endeavors truly are.

*next year
 **Med School Training began in 2016
 Infrastructure cost of \$400/scholar added from 2017

It used to cost Dakshana over \$11,500 to get one scholar to IIT. This has improved dramatically over the years – it was \$3872 in 2019. Our loaded average cost/scholar of \$2285 was the lowest since inception. The 59% success ratio and loaded cost/scholar for 2019 will improve further after we get the 2nd attempt data for these students next year. Most of the scholars that didn't make it to IIT are heading to pretty respectable institutions like the NITs, etc.

The Pabrai Family Giving Plan

One of the best decisions I have made with Dakshana is to embrace formula-based giving from the outset. Like almost everything else of consequence in my life, the formula was cloned. In 2006 Warren Buffett committed to annually giving away 5% of his Berkshire Hathaway shares to the Gates Foundation and the various foundations run by his kids.

For example, if he started with 400,000 shares of Berkshire, he would be giving away 20,000 shares the first year, 19,000 the second year, 18,050 shares the third year and so on. Because Berkshire is highly likely to increase its intrinsic value by more than 5% a year, not only would his giving increase

over time, so would his net worth. *It is brilliant!* Warren could live to be 120 and still have shares to give away.

Channeling Buffett, we decided that as long as our net worth exceeded \$50 million, my family would give 2% of our net worth to Dakshana every year. We later tweaked the formula to increase the giving to 3% over \$100 million; 4% over \$150 million and 5% over \$200 million. The 2-5% giving formula coupled with our exceptional donor base and prudent investing has allowed Dakshana to scale up while building a robust corpus. In the last 14 years my family has given away more than \$27 million and it felt like a nonevent. Dakshana received significant sums and we never missed the money.

We have spent tens of millions over the years on our mission so far. After all that spending, as I write this missive, Dakshana has assets of over \$30 million, including \$18 million of liquid assets. We have no debt or liabilities. These realities have blown well past my highest dreams and aspirations for Dakshana when we started. With expected capex of \$15-20 million over the next few years to build out Dakshana Valley, we need every bit of this robust Fort Knox balance sheet.

Dakshana's Wonderful Family of Donors

We received over \$2.5 million in donations from our generous donors, including about \$1 million each from Prem Watsa in Toronto and R. K. Damani in Mumbai. Every dollar matters and we are very grateful to our wonderful group of patrons. The list of our 2019 donors starts on Page 14.

I am pleased to report that these gifted funds were used to buy books, improve scholar nutrition, create/improve classroom and dorm infrastructure and pay for coaching services for our scholars. I am grateful to our patrons for their generosity and wisdom.

And now, it's time for a short commercial break. You can make a gift to Dakshana here: <https://dakshana.org/donate/>. We accept all major credit cards and Paypal. You can also send us a check (in US dollars, Canadian dollars or Indian rupees). And your gift is fully tax deductible. We can also set up automatic recurring monthly charges to your credit card. \$99 or C\$130 a month for 24 months fully supports one scholar. You can even pick the scholar you'd like to support and we can arrange for interactions and meetings.

Donate your Beater Car. We'll even pick it up!

Through our partnership with CARS (careeasy.org/nonprofit/dakshana-foundation) Dakshana can accept donations of cars, boats, RVs, and other property donations anywhere in the United States. It is simple. You get a tax deduction. CARS picks up the vehicle (even if does not start!). Please call CARS at +1.855.500-RIDE or +1.855.500-7433, or us at +1.949.453.0609, or email Kelly Ford (kford@dakshana.org) for more information.

The donated item will be picked up from a location of your choice at a time of your choosing at no cost to you. You will receive the maximum legal tax deductions and possibly a partial cash payment. This is a great way to get rid of that beater car and help a great cause!

Ebay Lunch Auction

The winner of the lunch auction in 2019 was Cesar Hernandez who is originally from Venezuela and lives in Miami. Wonderful guy! Cesar also won the conference call auction in 2017. He is a remarkable entrepreneur and I have enjoyed getting to know him. Cesar also just won the 2020 lunch auction and I look forward to breaking bread with him again after we're both vaccinated.

Our eleventh annual lunch auction was held in November 2020 on Ebay. In the true spirit of market-driven auctions, the bidding started at \$0.01, with no minimum. Cesar, the lunch auction winner, will get my not-so-old wallet as well. It is rumored that there may be a stock tip in there (with no reps and warranties!).

A few years back we started auctioning off an annual conference call with me with all proceeds going to Dakshana. The difficulty with the lunch auction is that meals can only take place in limited geographies. The conference call format allows anyone from anywhere on the planet to bid and participate.

Table 7. Ebay Conference Call Results – 2013 to Present

The conference call is now a Zoom video call. This auction is designed to level the playing field. Anyone can bid on Ebay. The call, which will be arranged at a mutually agreeable time, can have up to seven participants. I will give a stock tip on the call (with no reps or warranties!) and will answer any questions related to that stock tip (or anything else the participants would like to discuss). The only topic off limits is discussions on any current portfolio holdings (other than the stock tip).

The Dakshana Endowment

In 2013, at the suggestion of Advisory Board member Ruyintan “Ron” Mehta, we started the Dakshana Endowment. Since then, Dakshana’s donors have had a choice. They can designate their contributions to be used immediately on our Dakshana Scholar program or it can go into the endowment. Only funds explicitly specified for the endowment go in there. Funds in the endowment are invested in a highly concentrated manner and managed by yours truly. And at the end of every year, 5% of the endowment’s value is spent towards the Dakshana Scholar program in the following year.

Ron seeded the endowment with a generous \$50,000 contribution. The cost to support one scholar in 2013 was \$2500 and Ron figured that, right off the bat, the endowment would be able to fully support at least one new scholar completely every year. Ron will be happy to note that in just five short years the annual giving from the endowment now exceeds his initial seed contribution!

Spending on Dakshana Scholar Program:		(\$ 49,925)
Investment Gain (Loss):		\$ 239,853
Cash and Marketable Securities on 12/31/19:		\$1,030,205

We also directed all the proceeds from the various auctions to the endowment. I am very pleased to report that the lunch and conference calls led to over \$676,000 being added to the endowment account over the last ten years. The good news is that the endowment is off to a robust start and is already able to support at least 20-30 scholars a year *into perpetuity*.

Table 9. Endowment Scholars Fully Supported

<u>Year</u>	<u>Endowment Scholar Support</u>	<u>Number of Scholars Fully Supported</u>
2013	\$ 8450	3
2014	\$ 13,002	6
2015	\$ 41,880	17
2016	\$ 38,800	18
2017	\$ 52,000	23
2018	\$ 50,500	27
2019	\$ 49,925	32
Total	\$ 254,557	126

From inception through the end of 2020, we were supposed to contribute \$253,650 from the endowment as part of the actual 5%, but we actually contributed \$254,557. We will adjust this \$907 excess in our 2021 transfers from the endowment.

Firing on All Cylinders

Dakshana has come a long way from the dark days of 2009 when we contemplated taking zero scholars and prepared to shut down all operations after getting the existing scholars to the finish line. We were running on fumes then and almost out of cash. What a difference 11 years makes! We have a robust balance sheet, a wonderful donor base and zero financial anxieties. Our challenges today revolve around effective scaling. The Colonel left large shoes to be filled, but we are blessed that he gracefully passed the baton to Commander Arun Mishra. Arun is up to the task and then some.

Warmly,
