Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because it is an efficient organisation that makes the students to reach their goals and have a good career. As my aim is to become an engineer and for this I am supposed to be join in a prestigious college after +2. For that I am supposed to have good and efficient foundation in +2 and get good coaching for IIT so that it can make ease for me to reach my goal and to achieve what I desire.

Dakshana provides coaching for impoverished students who aspire to attend IIT but cannot afford to be coached professionally. This is a great opportunity for the students to get free coaching for IIT. Since I am a student of Ranga Reddy I have been watching this organisation since 7 years and interacted with Dakshana scholars and they explained me about Dakshana and their services rendered to the students to aspire their goals. I had an interaction with Abhak brother, senior of our Vidyalaya and he inspired me so much. He said that Dakshana lays the Golden

steps for you to reach your goal what you have to do is to follow each and every step towards it.

Winners don't do different things. They do things differently. So to do things differently Dakshana foundation makes students to think in a different way. By brothers inspiration, I desired to become a dakshana scholar, so that I get a good foundation for appearing the most prestigious exam of our country and crack through it for a Golden future.

Dakshana provides intensive coaching for 2 years and within 2 years, student can improve their abilities and standards of the students. They encourage us and provide good atmosphere for the student so that he can study well.

Dakshana is the foundation that turns students from a Hard Rock to a beautiful sculpture and splits us from a single light to a Colourful Rainbow.
