The Dakshana Foundation
Application to Become a Dakshana Scholar

Full Name JAGDEEP PARIHAR

Dakshana Scholars are gifted, but impoverished students who aspire to attend The Indian Institute of Technology (IIT), but cannot afford to be coached professionally by a world-class IIT JEE coaching institute. The Dakshana Foundation provides comprehensive scholarships to gifted/impoverished adolescents who meet our criteria. These scholarships include 100% of tuition, boarding, lodging, books and incidentals. In order to be eligible to apply for becoming a Dakshana Scholar, ALL of the following conditions must be met:

1. You have cleared the entrance test of either Bansal Classes, Career Point, Resonance, Insight or FIIT JEE and done well enough for the management of the institute to confirm to Dakshana that the odds of your getting into IIT after 1-2 years of coaching are 25% or better. For example, at Bansal Classes, there are about 10,000 students who take the Bull's Eye entrance test and 2000 are accepted. In order to meet this criteria, you would need to have ranked in the top 25% of the 2000 accepted (1st 500). If you are unable to afford the fees for the entrance test or the travel costs etc. for the test, please submit your application if you meet all the other criteria. The Dakshana Foundation will evaluate your application and arrange for testing at its expense if the applicant fits our criteria and looks promising.
2. Must have atleast a 75% average in Physics, Chemistry and Mathematics for every year (9th through 12th standard) that the applicant has completed.
3. The total typical household monthly income (total income of all members of your immediate family) is under Rs. 7,000 per month.
4. The total assets of your immediate family (including any savings, real estate or property) is under Rs. 1 Lakh.
5. You fully meet the IIT JEE Eligibility Criteria. See <http://www.jee.iitb.ac.in/eligibility.htm>
6. The Dakshana Foundation believes that the beneficiary of aid today is the donor of tomorrow. We believe that helping gifted, impoverished students get a world-class education has a very high return on invested resources to the individual, the family and the entire community. Dakshana Scholars have a voluntary moral (but not a legal or contractual) obligation to donate

application

10% of their monthly lifetime earnings back to the Dakshana Foundation to fund future Dakshana Scholars. They could also choose to give to any other charity of their choice. Or they can choose to give nothing. The choice is yours and we accept whatever you decide. After a few years, we fully expect Dakshana to be sustained and grow from this voluntary giveback and help an increasing number of impoverished and gifted children every year.

Please write an essay (in English or Hindi) of upto 500 words which begins with:
(you can use this form or a separate piece of paper. Please submit the essay in your own handwriting)

I'd like to become a Dakshana Scholar and hopefully attend IIT because I belong to a middle-class family. My parents cannot admit me in an expensive Engineering coaching institute. Secondly, all my family members are being professioned in agricultures. I do not have any interest in agriculture. My father is also a farmer. Nobody in my family has become an engineer, a doctor etc. I want to be the first person among my family who will become an engineer. Nowadays, it has become very much difficult to get admission in a good coaching institute because of their high charges. Only rich students can afford their charges.

Moreover proper education and regular guidance are very much essential for one's carrier.

In this world of competition, it is very much difficult to cope with others. And I think that by becoming a dakshana scholar, I can get much better education and necessary guidance. I also want to inspire my classmates, students of my village. I want that they would learn something from me and understand the need of education these days.

I have heard a lot about the Dakshana foundation. I came to know from my teachers that it is a very good institute for the preparation of IIT-JEE. Our teachers will be from career point which is one of the best coaching institute. So by becoming a Dakshana scholar, I can get coaching for the preparation of JEE and other various engineering entrance exams without spending much. My younger brother is also not very good in studies. But I do not want to let him become a farmer. By becoming Dakshana scholar, I can also guide my younger brother. Thus, it will not help only me but my brother also.

I don't want to become an ordinary engineer but I want to be a noted engineer. By becoming so, I can fulfill my dreams and desires of my parents. I wish that my parents would have proud of me. I want to set an example before my classmates and village friends. I am sure that by becoming a Dakshana scholar I can qualify IIT-JEE and hence can fulfill my wishes and dreams of my parents.

Taking admission in Dakshana institute is really a golden opportunity for IIT aspirants.

Dakshana
