Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because I was an IIT aspirant since my childhood. I thought that any engineering course I do it must be from an IIT. IIT's are the country's most successful institutions in engineering. Presently a graduate who is an outcome of an IIT certainly occupies a higher position in some part of the world (or) the country. IIT's are providing value based education that can't be compared with the other one's. Every year in India many lakhs of graduates are coming out and searching for jobs. So its very tough to find a job with normal graduation. The brand name IIT does the job easy.

I am also very much interested and have a great respect towards the Jawahar Navodaya Vidyalayas and their system. Navodayas help children grow in all aspects and bring up the real talent out of oneself. I was also interested to continue education in XI & XII in Navodaya. Since Dakshana is the only means that helps me to study in Navodaya and also helps me to achieve IIT.

Therefore I would wish to be a Dakshana Scholar.

By being a Dakshana scholar I not only get IIT coaching but also provides me with C.B.S.E syllabus. The C.B.S.E based educational system is very helpful in many National level exams and occupations.

I also had the wish to study M.Bi.P.C group in my intermediate. These are all possible only if I study in Navodaya by being a Dakshana Scholar.

I am very grateful to Dakshana. The Objective and the system of of Dakshana is very good. I am inspired by their values. I also wish to become an IITian and serve my country to the extent I can. I strictly wish to follow and abide by the rules of Dakshana.

Due to these advantageous circumstances I would like to become a Dakshana Scholar and attend IIT.
