Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because I want to succeed. I want to rise up the economic level of my family. I want to draw my parents & relatives out of poverty being an IITian. I want to be an extra-superb example of success for the inspiration of the local people of my homeland who are not well-known about what studies are. Secondly, I don't want my parents to spend almost all the saving for my graduation. Also, I have a great interest in Chemistry, Maths & theoretical physics. In spite of these subjects I just like English & nothing else. I could never have another golden chance to increase & improve my talents, knowledge & interest in the subjects I like. I could never get IIT coachings paying my fees. My parents are not able to pay it especially after the appendix operation of my young sister. They have spent a lot for operation. That's

all why I want to be a Dakshana scholar & become a regular student of IITs joining IIT classes.
