From my childhood I had a strong wish to become an engineer, but none of my relatives know about how to become an engineer. When I joined Navodaya by giving J.N.V. selection test and I got admitted into J.N.V. school for 6th class. When I am in 7th class our J.N.V. Pune selected as coaching centre for IIT-JEE and from the scholars of that batch I came to know that IITJEE is one of the best institute in world for engineering. and also they inspired me lot and told me that start clearing your all concepts from today itself if you want to go in IIT or in other good engineering collage. and from that time I started studying hard. and also I selected for NTSE conducted by NCERT in 8th class. in next year I selected for MTSE.

In 9th class I fixed my aim only to become an engineer from IIT. and I decide that I will try my best to achieve that aim. I started to get collect all the information about which book I should prefer for IIT-JEE? what is syllabus for it?

and also it is my great luck that we have dakshana foundation's coaching centre in our school.

and I also got a great opportunity to become a Dakshana scholar. and I will always thankful to Dakshana for this great opportunity. and definetely I try my best to ~~get~~ best rank in IIT-JEE. and to become a good engineer to fulfil all dreams of my parents. and to make them happy. and I know Dakshana foundation^{with} help me a lot for cracking IIT-JEE.
