I'd like to become a Dakshana Scholar and hopefully attend IIT because of my main goal which I want the most. I want to be a great IITian. For this goal, IIT foundation course from Dakshana foundation is first foundation for me. It is just like a God-gift for me as there was not any other way for ~~to~~ me to achieve my goal. If this group did not help me then it was not sure that I could learn after ~~some~~ twelfth. My mother is labouring for my two brothers and only sister since ten years. She is uneducated also. So, there is no much more income of her so that she can afford such a huge amount spend in IIT coaching. She is totally unable to afford such a big amount with school fee of my brother's and sister. Dakshana foundation is ~~the~~ an only road on which if I walk I can achieve my only aim. IIT foundation is not an easy task for all but it is too much easy for me because of my certain desire to be a great IITian. ~~I~~. For this great purpose Dakshana foundation is working as a bridge for me. If that bridge ~~was~~ did not at this level I could not go in the other side of the river (difficulty). I am unable to learn after twelfth

but Dakshana gave me a new power which I can use for myself. This opportunity will be very helpful for me with my schooling system. Time is money as we all know very well. This foundation will help us to save a whole year after twelfth. This year and next year are the base levels for my future. They will decide my future. So I will work hard for my shining future. I repeat again and again that Dakshana foundation course is really a great opportunity for me to pay back to my mother. My hard work is will be the repay for my mother. So I want to join the membership of Dakshana foundation group.
