Full Name: **MOHAMMAD YUSUF. P. NADAF**

Dakshana Scholars are gifted, but impoverished students who aspire to attend The Indian Institute of Technology (IIT), but cannot afford to be coached professionally by a world-class IIT JEE coaching institute. The Dakshana Foundation provides comprehensive scholarships to gifted/impoverished adolescents who meet our criteria. These scholarships include 100% of tuition, boarding, lodging, books and incidentals. In order to be eligible to apply for becoming a Dakshana Scholar, ALL of the following conditions must be met:

1. You have cleared the entrance test of either Bansal Classes, Career Point, Resonance, Insight or FIIT JEE and done well enough for the management of the institute to confirm to Dakshana that the odds of your getting into IIT after 1-2 years of coaching are 25% or better. For example, at Bansal Classes, there are about 10,000 students who take the Bull's Eye entrance test and 2000 are accepted. In order to meet this criteria, you would need to have ranked in the top 25% of the 2000 accepted (1st 500). If you are unable to afford the fees for the entrance test or the travel costs etc. for the test, please submit your application if you meet all the other criteria. The Dakshana Foundation will evaluate your application and arrange for testing at its expense if the applicant fits our criteria and looks promising.
2. Must have atleast a 75% average in Physics, Chemistry and Mathematics for every year (9th through 12th standard) that the applicant has completed.
3. The total typical household monthly income (total income of all members of your immediate family) is under Rs. 7,000 per month.
4. The total assets of your immediate family (including any savings, real estate or property) is under Rs. 1 Lakh.
5. You fully meet the IIT JEE Eligibility Criteria. See <http://www.jee.iitb.ac.in/eligibility.htm>
6. The Dakshana Foundation believes that the beneficiary of aid today is the donor of tomorrow. We believe that helping gifted, impoverished students get a world-class education has a very high return on invested resources to the individual, the family and the entire community. Dakshana Scholars have a voluntary moral (but not a legal or contractual) obligation to donate

10% of their monthly lifetime earnings back to the Dakshana Foundation to fund future Dakshana Scholars. They could also choose to give to any other charity of their choice. Or they can choose to give nothing. The choice is yours and we accept whatever you decide. After a few years, we fully expect Dakshana to be sustained and grow from this voluntary giveback and help an increasing number of impoverished and gifted children every year.

Application

Please write an essay (in English or Hindi) of upto 500 words which begins with:
(you can use this form or a separate piece of paper. Please submit the essay in your own handwriting)

I'd like to become a Dakshana Scholar and hopefully attend IIT because from the beginning of my 10th standard, I dreamt to become one of the IIT Scholars of the country. So this Dakshana Foundation is going to coach the impoverished students who aspire to attend The Indian Institute of Technology. It is one of the world-class IIT-JEE coaching institute. It provides comprehensive scholarships to gifted adolescents.

I came to know about this Dakshana Foundation from my school itself. And I wrote the screening test conducted by the Dakshana Foundation on 12th August, 2007. The test was slightly difficult and there was negative marking. At first I solve out the known and sure questions. Then I moved to the questions that I left unattended. Because the time allowed for the test is only two hours, and the weightage of questions is more. So we have to manage the time and use it conveniently. For some of the questions, we have to spend more time because, the trick of the question is definitely confusable and application is required. In the whole question paper, I feel Physics somewhat difficult.

as compared to the others. I have 50% of confidence that I can get through the exam. Because, as all you know, time is not in our hands. If luck is with you then the world will be yours.

So for my luck, luck is with me and I passed the test and selected for this coaching programme. When I heard that I was selected for IIT-JEE coaching given by Lakshana Foundation, I really felt happy and my parents also. Now I feel very happy and I am proud of my work that I prepared for IIT exams.

As all of you know, IIT-JEE is the toughest exam and one has to put his whole efforts to get through it. If once you pass the exam then your life will be like anything that you can make it. So I wanted to be a scholar of IIT and make my parents proud of me. I wanted the India is to be developed from the young and children of today. Because The Lakshana Foundation believes that the beneficiary of aid today is the doors of tomorrow. As Dr. A.P.J. Abdul Kalam is said that, India will be one of the developed country by 2010. So my wish and aim is that why not we can make our country developed before 2010. So I promise you that I will work hard and harder and get name & fame to my parents, my school & my country.
