Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because generally after 10th standard most of the students choose IIT like a sheep following the first one but mine were not like that I've chosen the same path but not for the sheep but, of some other reasons that my heart has answered. And I think Dakshana would be right place for that as it got a very well experienced persons as teachers. Dakshana organisation is a very big organisation as it gets students from all parts of the country will really a big net. And moreover it is a great opportunity to every student to ~~see~~ study between intellogent students. That makes all the sense. And you will be taken a special

care and would be provided by good materials and nice references that will shape us to become a perfect spear to tear the goals of IIT-eds per the previous Dakshana scholar's suggestion I have known that they would be taught by Cope experienced teachers from TIME and will take personal care in about the student and moulds everyone to reach their gods goals. There would be no extra strain or stress in studying and the time table would be nice to the student to make him feel better and gives him a plenty of time to study subject. And primary most thing that attracted me is , it is a great opportunity to study among real scholars from all parts of the country
