application

Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because I wanna become a nice engineer with a nice rank in IIT-JEE. First of all I thank all the Dakshana staff as they provide a nice medium for the students to study and reach their goal easily. They will train the students to grow rich. Many students are inbrested to join in Dakshana especially low background students. As I belong to same category which I stated above, I thought that I should compulsory take part in that system. My desire grew as I searched about this Institute in web. Now a days we can see many corporate institutions but there the study has become a business and they started to fill our minds with ~~about~~ the advertisements of previous years ranks. We believes them blindly and joins in them. To some extent they many benefit us, but what about the poor background students. How can they pay lakhs and lakhs of rupees for IIT coachings only. It makes them to feel very bad. They may not fulfill their needs and cries allover

their life. But Dakshana has given a nice opportunity for all navodayans, by providing free IIT coachings. I think Dakshana fellowship provides many a life to be lived in heaven. It is boon for all but mainly middle class-students. I hope many will fulfil their dreams when they once joined here. I want to be a great IITian. And it provides interaction with all students of different states all over India. My basic goal was to be Dakshana scholar. Now I am very happy and proud to be a Dakshana Scholar. I will study to my level and will try to secure a hopeful rank in IIT-JEE. Thankyou Dakshana for giving this golden opportunity.
