Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because India is a poor country and myself too belongs to a poor family.

It's been a genuine pleasure for me that I've been selected for the coaching by Dakshana in JNV Bangalore urban for IIT-JEE 2016.

I'm very thankful to Dakshana that they have given me such a golden opportunity to prove myself before the world that I too can do wonders.

India as a poor country needs to be developed.

There are many children who are willing to study upto higher level and also have the ability to do that but due to poverty, money problems, they couldn't proceed. Dakshana is doing a very great job by helping those students who can do wonders but can't afford. Really, one day, Dakshana scholars will be very successful people.

They have the will power to do the things, to achieve what they want. As for my concern, I'm trying my best here and I'll try my best to prove myself that I'm not an ordinary person but I can do wonders, as compared to

other students who are taking coaching for IIT JEE, and I am sure that one day I will be a successful person and I will be able to fulfil my parents' dream. My parents couldn't afford for my studies, I would have had my talents inside me but may not have got the chance to blow it up. There are many such students like me, whose parents couldn't afford. By giving such coachings, I think, Dakshana is creating a new, better, intelligent India. We are the future of India, we will have to dismiss the poverty away and bring a rich, standard India. I wish if the things goes on like this at present, the future of India will be very bright.
