First, myself Rahul Kumar Bambeshwar, my father is a mason and his name is Mr. Shankar Rao Bambeshwar. My Mother's name is Smt. Sadhana Bambeshwar. My native place is Dallirajhara in Chhattisgarh state. When I was in class X I heard that there is a foundation which provides coaching facility to bright students of J.N.V.'s.

After the board examination my 11<sup>th</sup> class studies were running then my Principal came with a list in which there were 5 names of the students who were giving Dakshana examination. I went Cuttack for examination. I saw many students are there for examination. I saw the examiners list, I found there are 363 students giving examination. I had not studied for this examination because I had believe in my 10<sup>th</sup> class practice. I sat in examination in 1<sup>st</sup> paper mathematics questions were quit difficult. In this paper I leave 10 question. In second part there was test of physics and chemistry in this I leave only 2 questions.

I returned school friends asked me how your paper is gone. I said to them well gone. I had believe that I must clear the examination. In 7<sup>th</sup> of August my principal called me in her chamber. She told me that you are selected for Dakshana IITJEE coaching and you have to leave on 14<sup>th</sup> of August for Bangalore.

I was extremely happy after listening this news. My friends congratulates me for my golden future. But suddenly I got sad by thinking of the leaving my old school where I spare my 5 year and my friends. But life is like a train it doesn't stop at any place for long time.

I came Bangalore but this school is not like as I imagined. I was thinking about my home and friends. I thought that my school is much more better than J.N.V. Bangalore. But my thought got change after some days. If now I am in my school I never clear IITJEE Exam but this coaching gave me lots of confidence and faculty member are very good and they teach us well. Here I find that there is very tough competition for IITJEE I have to compete with others.

I cannot solve high level questions in classroom but in leisure time I want to practice those question that I cannot solve in classroom. In midst of study time sometimes my mind goes to home and my old school. But I extremely want to study well. In Bangalore we are getting free of cost coaching and study material. So the man who spares lots of money on me I don't want to break his faith. I want to study well and fulfill my parents will. I want to get good rank in IITJEE Exams
