## The Dakshana Foundation Application to Become a Dakshana Scholar

Dakshana Scholars are brilliant, but impoverished students who aspire to attend The Indian Institute of Technology (IIT), but cannot afford to be coached professionally by a world-class IIT JEE coaching institute. The Dakshana Foundation provides comprehensive scholarships to gifted/impoverished adolescents who meet our criteria. These scholarships include 100% of coaching fees and books. In order to be eligible to apply for becoming a Dakshana Scholar, you must be invited to appear for and qualify in the Grand Dakshana Selection Test (GDST). The decision of Dakshana in this regard is final.

Dakshana reserves the right to validate the information provided through various sources including NIS records, Principal and JNV staff interviews, peers, neighbours, school alumni and direct verification. Should any information be found to be wilfully falsified, Dakshana reserves the right to deny acceptance as a Dakshana Scholar and/or terminate coaching at any time after it has started.

I hereby do attest that all of the information submitted in this application is correct and authentic and that I meet all of the criteria mentioned to apply for being named a Dakshana Scholar:

Sangeeta Sahoo .

Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because of my parents and for myself. My parents have always a dream that I will do something for the society, for my country and will become a successful person in my life. Why I choosed IIT because from my very childhood, I was intrested in knowing that how things are like this, why this happens and there is always a curiosity for knowing things. and Cracking India's most prestigious exam required a lot of hardwork, detersment and a proper guidance and the right path. I'd like to become a dakshana scholar because Dakshana is the only foundation in which search the real talent and gives them a oppourtunity to fullfill their dreams. I just want to make my parents dream and my dream as a reality through dakshana foundation. Because my parents don't have that much capacity to teach me or give me proper guidance for IIT but dakshana will provide me everything but the only thing needed is my hardwork and my talent. It provides the scholar students a best opportunity to identify their hidden talents and provide our India the Best Engineers. and One thing also my parents can't study or fulfilled their dreams because of the situations they faced due to ifinacial problems and they left their

dreams incompleated but I want to fulfill it at any cost and without the help of anyone and by myself. So, first I want to crack dakshana Exam, then hopefully I will try my level best to crack IIT. I know IIT is a dream of many people, some dream, some face reality and some people turn the dream to reality, so I want to become one of them. IIT is the most difficult exam, but with hardwork, patience and believing that I can do it! it is possible. I also want to do research in Aerospace field. So, th. I think Dakshana foundation is the best place where I will get a proper guidance for JEE, I know I have a dream but don't have a direction but Dakshana will provide me that path to success. With Every dream, there comes a challenge, but the need is to wake up and rise and utilise the opportunity. I know IIT is not the end of life, but from IIT I will start living my life and it is a platform, where I can do something for my society, for my country and mainly for my parents. So, IIT is my dream and hopefully the dream of millions, but with the help of Dakshana foundation and myself effort, I believe that I will surely crack the toughest exam IIT. and I will feel really proud to become a dakshana scholar.
