Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because of three reasons- a) I want to pursue my dreams which I've had been nourishing since my childhood days. b) I want to become an asset for my family, and transform into a support for my parents and society - in the sense they need me. c) I want to inspire the youngsters of the whole world by committing myself to my duties and by guiding through their way to success.

I have chosen IIT as my aim, because it is the only ~~an~~ gate to a new world where dreams are turned to reality. On behalf of this, I am thankful to Dakshana Foundation, as it has unveiled a platform for all those who are needy - who have a dream showcased in their minds, but are unable to nourish them due to lack of resources.

Being in ~~an~~ IIT doesn't only mean that one is going to be an engineer. It's a platform for all those who want to succeed in their life.

I remember the day when I first realised my goal - my purpose of my life - when I was just a child. I used to glare at the sky at night, and

felt something unique. A desire - a burning desire - emerged in my mind to reveal the secrets of the universe. Perhaps, this passion has ~~boosted~~ boosted me up to here. And I know it will keep me attracting me till I achieve my goal - studying in IIT, being a world citizen, and unveiling the secrets of the universe.

At last, I again want to thank Dakshana for helping me and, I hope to be guided till ~~my IIT~~ I get into IIT, by this unique and rare foundation.

(You can use this form or a separate piece of paper. Please submit the essay in your own handwriting)
