Please write essay (in English or Hindi) between 300 - 500 words which begins with:

I'd like to become a Dakshana Scholar and hopefully attend IIT because since childhood I am having an AIM to become an IITian and then a successful engineer. My family background is not so wealthy that I can afford private coaching for IIT and AIEEE. Dakshana scholars are brilliant but impoverished students who aspire to attend the Indian Institute of Technology (IIT) but cannot afford to be coached professionally by a world-class IIT-JEE coaching institute. And hence I'd like to become a Dakshana Scholar and hopefully attend IIT.

Every year the Dakshana Foundation is helping hundreds of brilliant but impoverished students in fulfilling their dreams and also the dreams of their parents. Many among these students belongs to farmer's family. They do not ^{even} have sufficient capital to study after 12th class. IIT^{ian} or AIEEE or be a engineer is a great thing for them.

To be an IITian it is a matter of great prestige and reputation. One's life get changed through IIT. And to get through IIT Dakshana Foundation is the best way & opportunity for a talented but impoverished students.

Dakshana foundation is not only helping the students in fulfilling their dreams but also it is helping the Nation's development. Because it is said "Today's student is the future of the Country" and Dakshana is making the students future bright.

As per the situation of my family and my family's background I'd have to become an engineer through IIT. It would may change our situation. I do not have any elder brother in my family who would serve our family.

After becoming a Dakshana Scholar I will work hard and will get through IIT and then I will serve my family and my Nation. That's my aim and motto.
